

Tier I

Tier I, Universal Resource Listing (Exhibit 2-F continued)

Tier I, universal, supports are those academic and behavioral strategies and resources that are available to all students who need them. Possible examples of Tier I supports are teacher behavior notes sent home daily to the parent, signed homework agenda, and 'extra credit' work that students can complete to improve their grade and build their skills.

List all Tier I supports that are available in your school:

Tier II

Tier II, Individualized Resource Listing (Exhibit 2-F continued)

Tier II, individualized, supports are those that are not available to all students. Instead, they are reserved for those students who have more significant academic delays or behavioral problems. Examples of Tier II supports are additional time with a math or reading instructional specialist, enrollment in a cross-age peer tutoring program, and group counseling.

Tier III

Tier III, Intensive Resource Listing (Exhibit 2-F continued)

Tier III, intensive, supports are reserved for students with extreme, chronic deficits that require the most intensive services available in a school building or district. Examples of Tier III supports include special education programming such as speech services, individual counseling, and direct instruction from a special education teacher.
